Group	Name	Project Title
1	Sumedha Gupta Nishtha Sachdeva	CCD imaging of a cluster and CCD characteristics
2	Shaurya Nidhi Vashishta	CCD Characteristics and Atmospheric extinction coefficient
3	Shivam Arora Nisha Gupta	Ages of open and globular clusters
4	Aman Phogat Abhishek Parida	Variable star photometry
5	Neha Gupta Kamini	Photometric determination of temperature of an Artificial Star
6	Rabindra Prachi Sharma	Radio and optical luminosity Evolution of Quasars
7	Sumit Sinha Subash Behera	CCD imaging of a cluster And CCD characteristics
8	Nancy Narang Priyanka Singh	Rotation curves of Galaxies
